ISPIRAZIONE/ INSPIRATION

Ritorno alle origini

Autunno 2021 – Keope ritorna al suo prodotto di punta, la pietra, con rinnovata passione, dando vita a collezioni che superano i confini tra ambienti indoor e outdoor sia in ambito residenziale, che commerciale e pubblico. Con Omnia, le pietre più rare rivestono armonicamente spazi di grande intimità ed eleganza. I marmi si illuminano della trasparenza di Onice, una nuova collezione declinata in tre raffinate varianti colore. Alla pietra si affiancano poi i racconti di Ultramod e Lineo, le due collezioni legno della primavera 2021, e le nuove tinte pastello di Elements Design Paint, la serie effetto-resina dall'animo urbano.

Back to the roots

Fall 2021 – Keope passionately returns to its flagship product: stone. The new collections transcend the boundaries between indoor and outdoor environments in both residential, commercial, and public spaces. With Omnia, the rarest stones cover intimate and elegant spaces. Onice illuminates the marbles collection with its refined transparencies, available in three different colors. Together with the stones, Keope presents once again Ultramod and Lineo, the two wood-effect collections launched in Spring 2021, and the new pastel colors of Elements Design Paints, the resin-effect series inspired by urban environments.

Stone Rhapsody

Con Omnia, la natura entra vigorosa negli ambienti indoor. Le cromie classiche di pietre antiche e pregiate trovano nuova modernità nel gres porcellanato effetto pietra, che avvolge gli spazi domestici di eleganza contemporanea. Una collezione che invita a ritrovare il piacere di un contatto diretto con materiali e colori naturali, che scaldano gli ambienti e li rendono preziosi. Bianco Venezia, Pietra dei Pirenei, Emperador Silver, l'antico Travertino di Rapolano, il Bleu de Vix, il Ceppo di Gré: Omnia racchiude, come uno scrigno, una varietà di grane, texture e tonalità che raccontano le profondità insondabili della Terra.

Marbles of Light

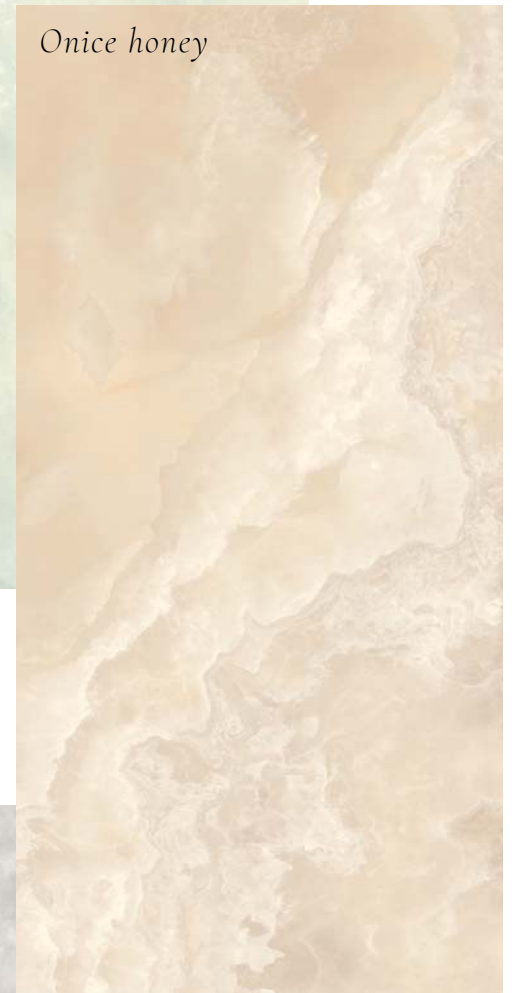

La bellezza luminescente della nuova serie Onice va a integrare l'offerta della gamma lappati di Keope. Tre colori definiscono l'identità cromatica di una collezione eterea, quasi onirica: Multicolor, Honey e Pearl. Nei rivestimenti di pareti, superfici e facciate convivono leggerezza e resistenza, lusso e delicatezza, sfumature e intrecci di colore compatti che vanno dal bianco perla al beige-miele. Mentre la luce gioca con la superficie riflettente e le trasparenze del materiale, gli ambienti si risvegliano inondati di luminosità e atmosfere preziose.

The luminescent beauty of the new Onice series complements the offer of the Keope smooth finish tiles range. Three colours define the chromatic identity of an ethereal, almost dreamlike collection: Multicolor, Honey and Pearl. In the coverings of walls, surfaces and facades, binary oppositions coexist: lightness and strength, warmth and luxury, nuances and intense weaves of colors ranging from pearl white to beige-honey. While light plays with the reflective surface and the transparencies of the material, indoor spaces wake up flooded with brightness and precious atmospheres.

lineo

Naural Flair

Lontano dai ritmi frenetici della città, Lineo è una collezione che regala agli ambienti armonia, comfort e leggerezza. L'effetto legno naturale è rafforzato dal formato principale della serie: la perfetta riproduzione di una dogia classica 20x120. Ma è nelle calde tonalità miele, sabbia, marrone e nocciola che si distingue il valore aggiunto di una collezione che prende a piene mani dall'ambiente naturale, creando situazioni intime e accoglienti. Con il bianco niveo di White e la tessitura geometrica del decoro Row, così ricca di suggestioni cromatiche, Lineo mostra il suo lato più imprevedibile e affascinante.

Far from the chaos of the metropolis, Lineo is a collection that offers tranquility, comfort, and lightness to any environment. The natural wood-effect is reinforced by the main size of the series: the perfect reproduction of a classic 20x120 wooden slab. But it's in the warm nature-inspired shades of the collection – honey, sand, brown and walnut – that lies its added value and the ability to create intimate and welcoming ambiances. With the snowy hue of White and the geometric texture of Row, so rich in chromatic suggestions, Lineo shows its more unexpected and fascinating side.

Grooving wood

Modernista, vibrante, anticonformista: Ultramod esplora la vocazione decorativa del legno e le caratteristiche estetiche delle essenze più pregiate. Venature strabilianti dettano il ritmo in showroom metropolitani, loft lussuosi e spazi di comfort domestico. Il gres porcellanato effetto legno si veste di un design ispirato allo stile di metà secolo, e lo arricchisce di dettagli e tonalità dal calore esotico. Palissandro, zebrano, noce, bostamarinde, ziricote: le cromie e le striature dei legni naturali danno vita a una collezione dalla personalità dirompente.

Modernist, vibrant, unconventional: Ultramod explores the decorative appeal and the aesthetic characteristics of the finest woods. Stunning veins dictate the pace of metropolitan showrooms, luxurious lofts, and cozy domestic spaces. Wood-effect tiles take inspiration from mid-century design, adding exotic details and warm shades. Rosewood, zebrawood, walnut, bostamarinde, ziricote: the colors and grooves of natural woods give life to an extremely charismatic collection.

Paint

Le tenui tonalità pastello di Paint arricchiscono la scelta cromatica della serie Elements Design. Un effetto resina ultramoderno, che ben si accosta ad ambienti metropolitani e alla ricerca sempre più marcata di spazi rilassanti e armonici in cui rifugiarsi. Paint si articola in cinque sfumature polvere ispirate ai colori della natura: avio, sage, peach, powder e cotto, e a una versione mosaico con un caleidoscopico effetto trompe l'oeil. Elements Design gioca con tutte le collezioni Keope e invita a sperimentare con accostamenti di colore e finiture sorprendenti: nasce così una vivace libertà compositiva che incontra la fluidità dell'abitare contemporaneo.

The soft pastel shades of Paint enrich the color range of the Elements Design series. An ultra-modern resin-effect, which tunes in with metropolitan environments and the increasingly marked search for cozy and harmonious spaces. Paint includes five powder shades inspired by the colors of nature: avio, sage, peach, powder and cotto, and a mosaic version characterized by a kaleidoscopic trompe l'oeil effect. Elements Design invites to play and experiment with surprising combinations of colors and finishes, expressing a compositional freedom that meets the fluidity of contemporary living.
